Re: Request for Bids No. K-07-7030-25; Automated Jury
Management System, Amendment No. 6

Dear Interested Party:

This amendment contains questions asked by interested parties and
answers provided by the Maryland Judiciary.

Q. Page 8, B.2, final bullet, will the system be required to support both
2-step and 1-step business processes or are all the courts contemplated
in the project either operating or moving to 1-step?

A. Any proposed Jury Management System must support both a two
step and one step process.

Q. Page 11, 5th bullet, what exactly do they mean by "pre-screen
potential and exclude". "Pre-screen" and exclude on what criteria?

A. Pre-screen would be to check and evaluate a potential juror and then
move them into or out of a selection process (where they may be
randomly selected during a particular time period) or transfer a juror to
a specific time period or specific selection based upon specific criteria,
ie, college students during the summer, watermen, farmers teachers or
any other defined group (which would be based upon the responses to
the jury qualification form) to a particular time of year to more easily
facilitate their service

These are the only changes contemplated by Amendment No. 6. All
other terms and conditions shall remain the same.

Thank you for your interest in doing business with the Maryland
Judiciary. I may be reached at 410-260-1410 if you need additional
information.

Sincerely,

Raymond Mack
